

THE NETWORK
PROFESSIONAL
ASSOCIATION

NPA Academy

May Seminar

Tuesday, 5/27/2003 - 5pm to 8pm

Perl for Network Professionals

Presented by Bob La Quey

Perl is the Network Professionals' Swiss Army chainsaw. We will introduce Perl and provide a practical guide to it's use to solve everyday problems that a professional working on networks is likely to encounter. If you support unix, Linux, Windows or Novell, Perl is a tool available to you.

Session will be held at Earl Walls Associates

5348 Carroll Canyon Road
San Diego, CA 92121-1797
(858) 457-2400 phone

RSVP is desired but not required to academy-sd@npa.org

NPA Academy is a free NPA member benefit.

Non-members \$25 per session.
