

THE NETWORK  
PROFESSIONAL  
ASSOCIATION

# NPA Academy

May Seminar

Tuesday, 5/27/2003 - 5pm to 8pm

## **Perl for Network Professionals**

**Presented by Bob La Quey**

Perl is the Network Professionals' Swiss Army chainsaw. We will introduce Perl and provide a practical guide to it's use to solve everyday problems that a professional working on networks is likely to encounter. If you support unix, Linux, Windows or Novell, Perl is a tool available to you.

**Session will be held at Earl Walls Associates**

5348 Carroll Canyon Road

San Diego, CA 92121-1797

(858) 457-2400 phone

RSVP is desired but not required to [academy-sd@npa.org](mailto:academy-sd@npa.org)

NPA Academy is a free NPA member benefit.

Non-members \$25 per session.
